

OBSIDIAN BLADE STRIKE FORCE

The Deathwatch does not just hunt from afar when extermination must be assured. Each warrior must be trained to engage in close quarters with the alien and end the threat by fist or by blade. No xenos form is unfamiliar, no weakness unstudied. In the press of combat, doctrine becomes instinct, hatred becomes discipline. Where distance might allow escape, proximity guarantees annihilation. The alien is not merely slain, but purged at arm's length.

DETACHMENT RULE

SUFFER NOT THE ALIEN

The alien is permitted no mercy, no quarter and no future.

Each time an **ADEPTUS ASTARTES** unit from your army is selected to fight, you may select one of the following abilities;

- [SUSTAINED HITS 1]
- [LETHAL HITS]

Until the end of the phase, melee weapons equipped by models in that unit have the chosen ability.

ENHANCEMENTS

MARTIAL DEFENDER - 15PTS

Steel and resolve interlock, denying the enemy's advance.

ADEPTUS ASTARTES model only - Each time this model makes an attack during the Fight phase, if the target of that attack does not have the **IMPERIUM** or **CHAOS** keywords, melee weapons equipped by this model have the [ANTI-INFANTRY 4+] ability.

EXPERT BLADESMAN - 10PTS

Faith in the watch and mastery of the blade deny the killing blow.

ADEPTUS ASTARTES model only - Each time a melee attack is allocated to this model, this model may re-roll saving throws (including invulnerable saving throws) of 1.

THE SHROUDING - 15PTS

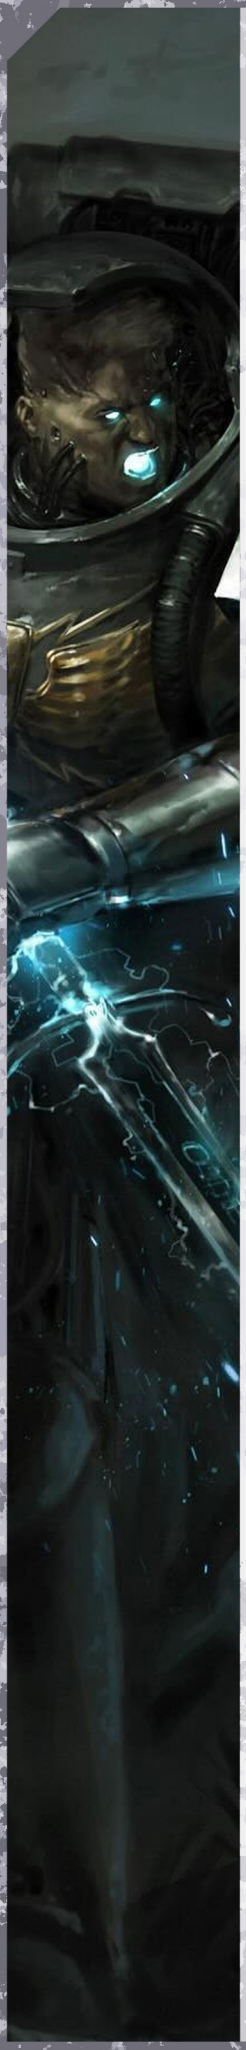

Enemy senses slide from the truth, unable to fix the Librarians presence.

LIBRARIAN model only - While this model is leading a unit, this unit can only be selected as the target of a ranged attack if the attacking model is within 18".

VIGILANCE INCARNATE - 15PTS

For a single decisive moment, the Watch moves before the threat can strike.

ADEPTUS ASTARTES model only - Once per battle, at the start of the Fight phase, the bearer can use this Enhancement. If it does, until the end of the phase, models in the bearer's unit have the Fights First ability.
