

DESERT RAIDERS

The forces of the Astra Militarum must be ready to strike on any world at a moment's notice, though there are some that specialise in worlds of shifting seas, in guerilla warfare and ambush tactics. These warriors lay hidden traps and set up ambush networks across the world, ensuring they can strike from any angle and catch any foe by surprise.

DETACHMENT RULE

GUERILLA FIGHTERS

With careful preparation, the forces of the Astra Militarum set traps and lay hideouts across the battlefield to ensure they can surprise any foe.

At the start of the Declare Battle Formations step, you must place 4 circular 40mm Hideout tokens on the board with the following constraints; 1 must be placed in your Deployment zone, 2 must be placed in No Man's Land, 1 must be placed in your Opponents deployment zone.

In the Reinforcements step of your Movement phase, when you set up an **ASTRA MILITARUM INFANTRY** unit on the battlefield from Reserves, you can set that unit up wholly within 6" of one of your Hideout Markers and more than 6" horizontally away from any enemy units.

ENHANCEMENTS

MASTER SABOTEUR - 10PTS

Trip mines and bobby traps are the hallmarks of these hidden fighters.

ASTRA MILITARUM OFFICER model only - At the start of the Declare Battle Formations step, select one piece of terrain on the board. Each time an enemy unit makes a Normal, Advance, Fall Back or Charge move that starts or ends within that terrain roll a D6; on a 4+ that unit suffers D3 mortal wounds.

GUERILLA TACTICS - 15PTS

The art of Surprise is all in the preparation.

ASTRA MILITARUM OFFICER model only - While this model is leading a unit, models in that unit have the Infiltrators ability.

DEMOLITIONIST - 15PTS

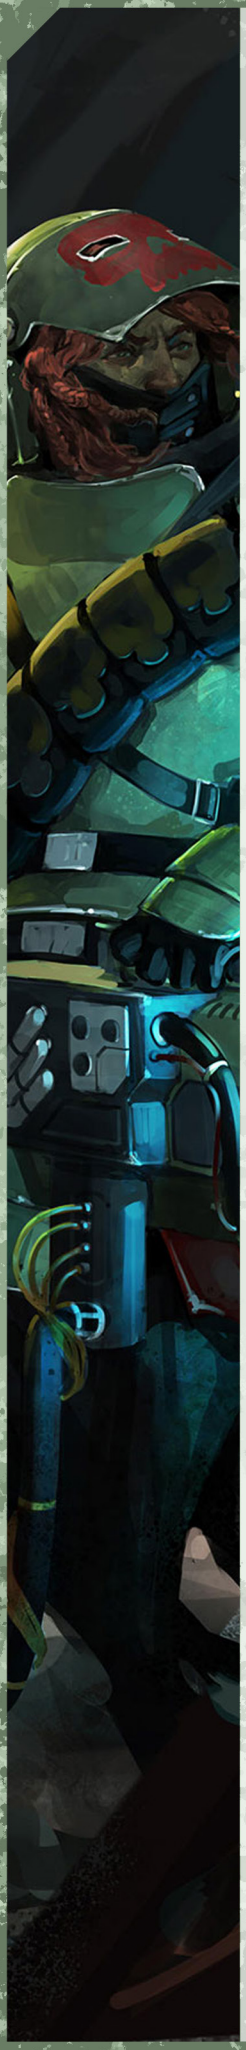

The extra explosives some officers carry ensure that any enemy armour is no more than an inconvenience.

ASTRA MILITARUM OFFICER model only - When you target this unit with the Grenade stratagem, you may roll eight D6 rather than six d6 when determining how many mortal wounds that enemy unit suffers.

ARMOURER OF THE SEAS - 15PTS

As the battlefield ebbs and flows, ordnance shells rain eternal.

ASTRA MILITARUM OFFICER model only - This model may lead **ARTILLERY INFANTRY** units. Whilst this model is leading a unit, each time a model in that unit makes an attack using ranged weapons with the [INDIRECT FIRE] ability, you may re-roll the Hit roll.
